1. Purpose Limitation & Data Minimization

Investor personal data, including Permanent Account Numbers (PAN), Bank Account Numbers, and IFSC codes, is processed exclusively for verifying KYC eligibility, NAV portfolio valuation, and submitting authorized investment orders to registered AMCs.

2. Vector Digital Signature Storage Protection

Signatures captured on the HTML5 Vector Signature Canvas are converted into encrypted SVG paths and stored in isolated cloud buckets. They are never rendered unmasked to unauthorized operators or third-party marketing entities.

3. Zero-On-Screen OTP & Ephemeral Credentials

To protect client identity, mobile authentication codes are strictly ephemeral (valid 5 minutes), stored in memory and hashed in PostgreSQL, and never echoed back to client browser inspect terminals or public logs.

4. Data Principal Rights (Right to Correction & Erasure)

Under Sections 11 and 12 of the DPDP Act 2023, data principals (investors and partners) have the right to request access to personal data, request correction of inaccurate records, and request withdrawal of consent with full audit logging.

5. Data Protection Officer (DPO) Contact & Compliance Affirmation
